Comments from previous Workshops:

"...Everyone is delighted to pick up a delighted child at the end of a long day. The staff kept the children interested & motivated and at the end of it all, they got to participate in what was, given the time available to produce it, a pretty wonderful performance. Kudos to staff and counselors - and many thanks !"

"(My daughter) loved it ! Great time- she said it was the best camp she has ever been too and definitely wants to come back next year"

"(My child) definitely gained confidence and a much better sense of what it means to perform. This was her first time putting music and movement together- she really enjoyed it. The after care program was excellent - thank you ! Kids really enjoyed everything, I appreciated the structure."

Summer Children's Workshop

Now in its 11th season, The TLP Children's Summer Workshop is a 3-week program which meets Monday through Friday from 9:00am to 4:00pm for children ages 7 to 18. Early drop-off and extended care are available at an additional rate- call for more information.

Children will study acting, dance, vocal performance, stagecraft, and auditioning with experienced personnel. They will audition for a part in the end-of-session show and will rehearse for that show as well as creating the sets, costumes, and props. Classes are grouped by age and ability- so children with any level of experience are welcome. They will also play games and do crafts.

Children will receive a t-shirt and one complimentary ticket to a performance. Children should bring their own lunch, bottled water, and a healthy snack. Dress should be appropriate for the weather and should allow for movement and messy activities and include proper footwear—*no flip-flops*, please! Children should also bring dance shoes, if they have them, or sneakers.

Session 1 July 2nd—July 20th 2012 Performances July 22 at 1 and 4pm

Session 2 July 30th—August 17th Performances August 19 at 1 & 4pm

Registration:
